

# TOP 3

## People, Places and Events

What makes the Airport a community? It is the special people, the different facilities and activities that make the Guam International Airport a great place to work and travel. See our Top 3 picks of what you need to know, and get the latest news about YOUR Airport!

### DAN BARBER

Deputy Assistant  
Federal Security Director  
TSA Guam

The Guam Airport extends a warm "Håfa Adai" to Daniel "Dan" Barber, the new Deputy Assistant Federal Security Director with the Transportation Security Administration (TSA), Guam. Mr. Barber's previous TSA assignment was at the Orlando International Airport. Prior to joining the TSA, Mr. Barber served for 28 years in active duty military service, with his last posting as the Headquarters Air Mobility Command's (AMC) Deputy Chief of Security Forces.

### AIRPORT CELL PHONE LOT

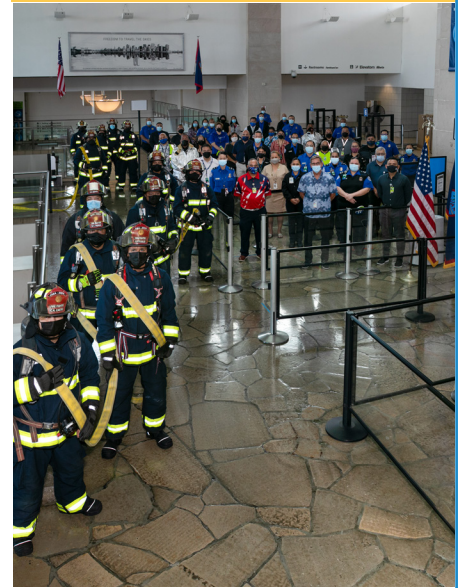

Light Aircraft Commuter Facility

The Guam International Airport opened the "Airport Cell Phone Lot" to ease congestion at the terminal arrivals level. The Lot is a satellite parking area at the Light Aircraft Commuter Facility, where persons picking up arriving passengers can safely wait until their passenger is at the arrivals curbside. Patrons may park up to a maximum wait time of one (1) hour. Unattended vehicles will be ticketed or towed, and use of alcohol and/or drugs and littering is strictly prohibited.

### 20th ANNIVERSARY OF 9-11

TSA Security Checkpoint  
Main Terminal

The Airport Authority, the Guam TSA, airlines, regulatory agencies and service providers gathered to commemorate the 20th Anniversary of the events of September 11, 2001. The event included a moment of silence and handline exercise by our ARFF unit, climbing 110 stories to simulate the heroic efforts of the first responders of the twin towers in New York City. We will never forget all responders, those who perished and those who serve to protect our Freedom.
